INDEPENDENT AUDITORS' REPORT

To the Board of Education
Manitowoc Public School District
Manitowoc, Wisconsin

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Manitowoc Public School District as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Manitowoc Public School District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of the Manitowoc Public School District as of June 30, 2020, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, Wisconsin Retirement System pension schedules, Wisconsin Retirement System local retiree life insurance fund schedules, supplemental pension defined benefit plan schedules, and OPEB healthcare defined benefit plan schedules, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Manitowoc Public School District's basic financial statements. The combining and individual nonmajor fund financial statements, and schedule of charter school authorizer operating costs are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards and schedule of state financial assistance are presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* and *State Single Audit Guidelines*, and are also not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements, schedule of charter school authorizer operating costs, schedule of expenditures of federal awards, and the schedule of state financial assistance are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the

United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 1, 2020, on our consideration of the Manitowoc Public School District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Manitowoc Public School District's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Manitowoc Public School District

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the Manitowoc Public School District ("District"), we offer readers of the District's basic financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2020. We encourage readers to read the information presented here in conjunction with additional information that we have furnished in the District's basic financial statements, which follow this narrative.

FINANCIAL HIGHLIGHTS

Total governmental funds revenue was \$69,658,291; including \$20,144,270 of property taxes, \$41,241,864 of general state and federal aid, and \$6,774,197 of charges for services, grants and contributions. Total governmental fund expenditures were \$68,953,549; including \$38,298,277 for direct instruction.

The District's financial status, as reflected in total net position, increased by \$704,742. The main reason for the increase in net position was the decrease of the Wisconsin Retirement System pension liability, a decrease in OPEB supplemental liability, changes in deferred outflows of resources and deferred inflows of resources, and a decrease in instruction and business services expenses.

OVERVIEW OF THE FINANCIAL STATEMENTS

The basic financial statements are comprised of 1) district-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. In addition, other information supplementary to the basic financial statements is provided.

The basic financial statements consist of two kinds of statements that present different views of the District's financial activities.

- The *Statement of Net Position* and *Statement of Activities* provide information on a district-wide basis. The statements present an aggregate view of the District's finances. District-wide statements contain useful long-term information as well as information for the just-completed fiscal year.
- The remaining statements are *fund financial statements* that focus on individual parts of the District. Fund statements generally report operations in more detail than the district-wide statements.

The *notes to the financial statements* provide further explanation of some of the information in the statements and provide additional disclosures so statement users have a complete picture of the District's financial activities and position.

Required supplementary information further explains and supports the financial statements by including a comparison of the District's budget data for the year.

The major features of the District's financial statements, including the activities reported and the type of information contained is shown in the following table.

Major Features of the District-wide and Fund Financial Statements

	District-wide Statements	Fund Financial Statements	
		Governmental	Fiduciary
Scope	Entire District (except fiduciary funds).	The activities of the District that are not proprietary or fiduciary, such as instructional, support services, debt service, capital projects, and community services.	Assets held by the District on behalf of someone else. Student and other organizations that have funds on deposit with the District are reported here.
Required financial statements	Statement of net position. Statement of activities.	Balance Sheet. Statement of revenues, expenditures and changes in fund balance.	Statement of fiduciary net position. Statement of changes in fiduciary net position.
Basis of accounting and measurement focus	Accrual accounting. Economic resources focus.	Modified accrual accounting. Current financial resources focus.	Accrual accounting. Economic resources focus.
Type of asset and liability information	All assets and liabilities; both financial and capital, short-term and long-term.	Generally assets expected to be used up and liabilities that come due during the year or soon thereafter. No capital assets or long-term liabilities included.	All assets and liabilities, both financial and capital; short-term and long-term. These funds do not currently contain any capital assets, although they can.
Type of inflow and outflow information	All revenues and expenses during the year, regardless of when cash is received or paid.	Revenues for which cash is received during or soon after the end of the year; received during or soon after expenditures when goods or services have been received and the related liability are due and payable.	All additions or deductions during the year, regardless of when cash is received and paid.

DISTRICT-WIDE STATEMENTS

The district-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of activities reports all revenues and expenses used to support the District. The statement of net position reports all assets, deferred outflows of resources, liabilities, and deferred inflows of resources available to support District activities. The two district-wide statements report the District's *net position* and how they have changed. Net position, the difference between the District's assets and liabilities, is one way to measure the District's overall financial position. Increases or decreases in the District's net position is one indicator of whether its financial position is improving or deteriorating, respectively. To assess the overall financial condition of the District, additional non-financial factors, such as changes in the District's property tax base and the condition of school buildings and other facilities should be considered.

In the district-wide financial statements, the District's activities are reported as governmental activities. Most of the District's basic services are included here, such as regular and special education, transportation, support services, debt service, capital projects, food service, community programs and administration. Property taxes and state formula aid finance most of these activities.

FUND FINANCIAL STATEMENTS

The fund financial statements provide more detailed information about the District's *funds*, focusing on its most significant or "major" funds - not the District as a whole. Funds are accounting devices the District uses to keep track of sources of funding and spending on particular programs and to demonstrate compliance with various regulatory requirements. Some funds are required by state law and by bond covenants. The District establishes other funds to control and manage money for particular purposes (like repaying its long-term debt) or to show that it is properly using certain revenues (like capital project funds).

The District has two kinds of funds:

- *Governmental funds*-Most of the District's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for funding future basic services. Governmental funds statements provide a detailed short-term view that helps determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Governmental funds information does not report on long-term commitments as is reported on the district-wide statements.
- *Fiduciary funds*-The District serves as a trustee, or fiduciary, for various student organizations. The assets of these organizations belong to the organization and not the District. The District is responsible for ensuring that the assets reported in these funds are used only for their intended purposes and only by those to whom the assets belong. These activities are excluded from the district-wide financial statements because the District cannot use these assets to finance its operations.

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

Table 1, below, provides a summary of the District's net position for the year ended June 30, 2020 compared to 2019. The District's combined net position increased by \$704,742.

	<u>Governmental Activities</u>		<u>Total % Change</u>
	<u>2020</u>	<u>2019</u>	<u>2019 - 2020</u>
Current and other assets	\$ 31,676	\$ 22,257	42.3%

Note: Totals may not add due to rounding.			

Table 2 provides summarized operating results and their impact on net position.

The District relies primarily on state and federal aids (59%) and property taxes (29%) to fund governmental activities. These two funding sources make up 88% of the total revenues.

Table 3 presents the cost of the five major District activities. The table reports each activity's net cost (total cost less fees generated by the activities and intergovernmental aid provided for specific programs). The net cost reflects the financial burden that was placed on the District's taxpayers by each of these functions.

Table 3
Net Cost of Governmental Activities
(in thousands of dollars)

	Net Cost of Services		Total % Change
	2020	2019	2019 - 2020
Instruction	\$ 34,289	\$ 34,692	-1.2%
Pupil and instructional services	6,521	6,292	3.6%
Administration and business	14,009	15,679	-10.7%
Interest on debt	207	266	-22.2%
Other	7,154	6,553	9.2%
Total	\$ 62,179	\$ 63,481	-2.1%

Note: Totals may not add due to rounding.

The cost of all governmental activities this year was \$68,953,549. Individuals who directly participated or benefited from a program offering paid for \$708,994 of the costs. Federal and state governments subsidized certain programs with grants and contributions of \$6,065,203. The net cost of governmental activities, \$62,179,352, was financed by general revenues of the District.

The composition of governmental revenues by type and expenditures by type are illustrated below.

Governmental Activities Revenue by Type
Chart 1

Note: Totals may not add to 100% due to rounding.

Governmental Activities Expenditure by Type
Chart 2

Note: Totals may not add to 100% due to rounding.

The District completed the year with a total governmental fund balance of \$19,340,716 up from last year's ending fund balance of \$17,554,369.

The general fund had an increase in fund balance of \$1,761,170.

The other governmental funds had an increase in fund balance of \$25,177.

GENERAL FUND BUDGETARY HIGHLIGHTS

The District reviews an interim budget in May for the subsequent year. Consistent with current state statutes and regulations an original budget is adopted in October, following determination of official enrollment and certification of general state aids. Generally, the original budget is not significantly modified. The District did modify the original budget.

While the District's final budget for the general fund anticipated that revenues would exceed expenditures by \$459,733 the actual results for the year show a \$1,761,170 increase.

CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At the end of fiscal year 2020, the District had invested \$85,899,794 in capital assets, including land, land improvements, buildings, and equipment (See Table 4). Total accumulated depreciation on these assets is \$59,593,232. Asset acquisitions for governmental activities totaled \$579,905. The District recognized depreciation expense of \$3,534,412 for governmental activities. Detailed information about capital assets can be found in the notes to the financial statements.

	Governmental Activities		Total % Change
	2020	2019	2019 - 2020
Land	\$ 973	\$ 973	0.0%
Land improvements	5,140	5,140	0.0%
Buildings	69,331	69,331	0.0%
Equipment	10,457	10,596	-1.3%
Construction in progress	-	39	-100.0%
Accumulated depreciation	(59,593)	(56,778)	5.0%
Total	\$ 26,307	\$ 29,300	-10.2%

Note: Totals may not add due to rounding.

Long-Term Obligations

At year-end, the District had \$14,051,659 in bonds, notes payable, and other long-term debt outstanding - a decrease of 38% from last year (see Table 5). Detailed information about the District's long-term obligations are presented in the notes to the financial statements.

Table 5
Outstanding Long-Term Obligations
(in thousands of dollars)

	Total		Total % Change
	2020	2019	2019 - 2020
General obligation debt	\$ 4,190	\$ 6,212	-32.5%
Other	9,862	16,347	-39.7%
Total	<u>\$ 14,052</u>	<u>\$ 22,558</u>	-37.7%

Note: Totals may not add due to rounding.

The District retired \$2,021,500 of bonds and notes payable during the year and other transactions decreased total debt by \$8,904,625.

Debt of the District is secured by an irrevocable tax levy adopted by the School Board at the time of issuance. Wisconsin state statutes require that the first property tax receipts be segregated for annual debt service payments.

FACTORS BEARING ON THE DISTRICT'S FUTURE

Currently known circumstances that will impact the District's financial status in the future are:

In April 2018, the District approved a referendum question for increasing the revenue limit for operational expenditures by \$3,500,000. The District is authorized to exceed the state revenue limit beginning with the 2018-19 school year through the 2020-21 school year on a nonrecurring basis.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have questions about this report or need additional financial information contact Mr. Shawn M. Alfred, CPA, CMA, Director of Business Services, Manitowoc Public School District, 920-683-4795, 2902 Lindbergh Drive, PO Box 1657, Manitowoc, Wisconsin 54221-1657.

MANITOWOC PUBLIC SCHOOL DISTRICT
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES
OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
YEAR ENDED JUNE 30, 2020

Net change in fund balances - total governmental funds \$ 1,786,347

Amounts reported for governmental activities in the statement of activities are different because:

The acquisition of capital assets are reported in the governmental funds as expenditures. However, for governmental activities those costs are shown in the statement of net position and allocated over their estimated useful lives as annual depreciation expenses in the statement of activities.

Capital outlay reported in fund statements	\$	975,332	
Less noncapitalized outlay		(434,603)	
Depreciation expense reported in the statement of activities		<u>(3,534,412)</u>	
Amount by which capital outlays are less than depreciation in the current period:			(2,993,683)

Certain employee benefits are reported in the governmental funds when amounts are paid. The statement of activities reports the value of benefits earned during the year.

This year the accrual of these benefits decreased by:	26,107
---	--------

Wisconsin Retirement System pension asset, deferred outflows of resources, liability, and deferred inflows of resources changes:	(344,950)
--	-----------

Wisconsin Retirement System LRLIF asset, deferred outflows of resources, liability, and deferred inflows of resources changes:	(180,795)
--	-----------

OPEB supplemental pension deferred outflows of resources, liability, and deferred inflows of resources changes:	102,543
---	---------

OPEB healthcare deferred outflows of resources, liability, and deferred inflows of resources changes:	263,697
---	---------

Certain revenues are unearned in the governmental funds because they are not available to pay current period expenditures. In the statement of activities these are recorded as revenue in the current year.

Unearned revenue recognized in the statement of activities:	35,175
---	--------

Repayment of principal on long-term debt is reported in the governmental funds as an expenditure, but is reported as a reduction in long-term debt in the statement of net position and does not affect the statement of activities.

Amount of long-term debt principal payments in the current year is:	2,021,500
---	-----------

In governmental funds interest payments and other debt costs on outstanding debt are reported as an expenditure when paid. In the statement of activities it is reported as it accrues.

Amount of interest and other debt costs paid during the current period is	\$	195,428	
Amount of interest and other debt costs accrued during the current period is		<u>(206,627)</u>	
Interest paid is less than interest accrued by:			<u>(11,199)</u>

Change in net position - governmental activities	<u>\$ 704,742</u>

**NOTES TO THE BASIC
FINANCIAL STATEMENTS**

MANITOWOC PUBLIC SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS
JUNE 30, 2020

NOTE 1 - Summary of Significant Accounting Policies

The financial statements of the Manitowoc Public School District (the "District") have been prepared in conformity with generally accepted accounting principles (GAAP) in the United States of America as applied to government units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The significant accounting principles and policies utilized by the District are described below.

Reporting Entity - The Manitowoc Public School District is organized as a common school district. The District, governed by a seven member elected school board, operates grades K through 12 and is comprised of all or parts of nine taxing districts.

The District's basic financial statements do not include any components units, as defined in GASB 14 and amended by GASB 39 and GASB 61, as there are no organizations which meet the criterion. The criterion for including a legally separate organization as a component unit is the degree of financial accountability the District has with the organization. A financial benefit or burden relationship needs to be present between the primary government and that organization for it to be included in the reporting entity as a component unit.

The following circumstances set forth the District's financial accountability for a legally separate organization: the District is financially accountable if it appoints a voting majority of the organization's governing body and (1) it is able to impose its will on that organization or (2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on the District. The District may be financially accountable if an organization is fiscally dependent on the District regardless of whether the organization has (1) a separately-elected governing body, (2) a governing body appointed by a higher level of government, or (3) a jointly-appointed governing body. In addition, the primary government may determine, through exercise of management's professional judgment, that the inclusion of an organization that does not meet the financial accountability criteria is necessary in order to prevent the reporting entity's financial statements from being misleading.

Basis of Presentation

District-Wide Statements

The statement of net position and the statement of activities present financial information about the District's governmental activities. These statements include the financial activities of the overall government in its entirety, except those that are fiduciary. Eliminations have been made to minimize the double counting of internal transactions. Governmental activities generally are financed through taxes, intergovernmental revenues, and other nonexchange transactions.

The statement of activities presents a comparison between direct expenses and program revenues for each function of the District's governmental activities. Direct expenses are those that are specifically associated with and are clearly identifiable to a particular function. Program revenues include (a) charges paid by the recipients of goods or services offered by the programs and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

MANITOWOC PUBLIC SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS - Continued
JUNE 30, 2020

NOTE 1 - Summary of Significant Accounting Policies - Continued

Fund Financial Statements

The fund statements provide information about the District's funds, including fiduciary funds. Separate statements for each fund category - governmental and fiduciary - are presented. The emphasis of fund financial statements is on major governmental funds; each displayed in a separate column. All remaining governmental funds are aggregated and reported as non-major funds.

The District reports the following major governmental funds:

General Fund - is used for all financial activity that is not required to be accounted for in another fund. This is the District's primary operating fund.

The District has two fiduciary funds which account for assets held as an agent for various student organizations and a private purpose trust.

Measurement Focus and Basis of Accounting

The district-wide and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of when the related cash transaction takes place. Nonexchange transactions, in which the District gives or receives value without directly receiving or giving equal value in exchange, include property taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

The governmental fund statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Under this method, revenues are recognized when measurable and available. The District considers all revenues reported in the governmental funds to be available if the revenues are collected within sixty days after the end of the fiscal year. Expenditures are recorded when the related fund liability is incurred, except for principal and interest on general long-term debt, claims and judgments, and compensated absences which are recognized as expenditures to the extent they have matured. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, the District may fund certain programs by a combination of specific cost-reimbursement grants, categorical block grants, and general revenues. Therefore, when program expenses are incurred, both restricted and unrestricted net position may be available to finance the program. It is the District's policy to first apply cost-reimbursement grant resources to such programs, followed by general revenues.

MANITOWOC PUBLIC SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS - Continued
JUNE 30, 2020

NOTE 1 - Summary of Significant Accounting Policies - Continued

Cash and Investments - The District's cash and cash equivalents consist of cash on hand, demand deposits, and short-term investments with original maturities of three months or less from date of acquisition. All funds share common (pooled) checking and investment accounts unless regulations require separate investment accounts, such as the debt service fund.

Investments are stated at fair value, if applicable, which is the amount at which an investment could be exchanged in a current transaction between willing parties. Fair values are based on quoted market prices. No investments are reported at amortized cost. Adjustments necessary to record investments at fair value are recorded in the operating statement as increases or decreases in investment income. Investment income on commingled investments of municipal accounting funds is allocated based on average investment balances.

Property Tax Levy - Under Wisconsin law, personal property taxes and first and second installment real estate taxes are collected by municipal treasurers who then make proportional settlement with the District and county treasurer for those taxes collected on their behalf. Third installment real estate taxes and delinquent taxes are collected by the county treasurer who then makes settlement with the city, town, village, and the District before retaining any for county purposes. Taxes collected by the township are made in two installments, the first by the town, and the second by the county treasurer.

The District's property taxes are levied on or before November 1 on the equalized property valuation certified by the Department of Revenue. As permitted by a collecting municipality's ordinance, taxes may be paid in full or two or more installments with the first installment payable the subsequent January 31, and a final payment no later than the following July 31. The District is paid by the collecting municipality its proportionate share of tax collections received through the last day of the preceding month on or before January 15, and by the 20 of each subsequent month thereafter. On or before August 20, the county treasurer makes full settlement to the District for any remaining balance. The county assumes all responsibility for delinquent real estate property taxes.

Property taxes are recognized as revenue in the period for which the taxes are levied. The 2019 tax levy is used to finance operations of the District's fiscal year ended June 30, 2020. All property taxes are considered due on January 1, when an enforceable lien may be assessed against the property and the taxpayer is liable for the taxes. All taxes are collected within 60 days of June 30 and are available to pay current liabilities.

Accounts Receivable - Accounts receivable are recorded at gross amounts with uncollectible amounts recognized under the direct write-off method. No allowance for uncollectible accounts has been provided since it is believed that the amount of such allowance would not be material.

Interfund Transactions - Non-exchange transactions which are not borrowing/lending (will not be repaid) are recorded as operating transfers, and exchange transactions are recorded as revenues and expenses. Nonrecurring or nonroutine permanent transfers of equity are reported as residual equity transfers.

Inventories - Inventories are valued at cost using the first-in/first-out method. The costs of inventories are recorded as expenditures when consumed rather than when purchased.

MANITOWOC PUBLIC SCHOOL DISTRICT
 NOTES TO THE BASIC FINANCIAL STATEMENTS - Continued
 JUNE 30, 2020

NOTE 1 - Summary of Significant Accounting Policies - Continued

A nonspendable fund balance has been recognized in governmental funds for these non-liquid assets to signify a portion of fund balance is not available for other subsequent expenditures.

Capital Assets - Capital assets are reported at actual cost or estimated historical costs. Donated assets are reported at estimated fair market value at the time received.

Capitalization thresholds (the dollar value above which asset acquisitions are added to the capital asset accounts), depreciation methods, and estimated useful lives of capital assets reported in the district-wide statements are as follows:

	<u>Capitalization Threshold</u>	<u>Depreciation Method</u>	<u>Estimated Useful Life</u>
Buildings	\$5,000	Straight-line	50 years
Building improvements	\$5,000	Straight-line	20-30 years
Improvements other than building	\$2,500	Straight-line	10-20 years
Machinery and equipment	\$2,500	Straight-line	5-20 years
Furniture and fixtures	\$2,500	Straight-line	5-10 years
Vehicles	\$2,500	Straight-line	8 years

Compensated Absences - The District's policy permits employees to accumulate earned, but unused vacation benefits, which are eligible for payment upon separation from government service. The liability for such leave is reported as incurred in the government-wide statements. A liability for those amounts is recorded in the government funds only if the liability has matured as a result of employee resignations or retirements. The liability for compensated absences includes salary related benefits where applicable.

Generally, sick leave can be accumulated depending on the employment agreement. Accumulated sick time may not be taken in compensation upon retirement. The District accrues that sick leave which it deems probable of payout for employee health insurance credit.

Pensions - For purposes of measuring the net pension liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Wisconsin Retirement System (WRS) and additions to/deductions from WRS' fiduciary net position have been determined on the same basis as they are reported by WRS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Other Post Employment Benefits (OPEB) - The fiduciary net position of the local retiree life insurance fund (LRLIF) has been determined using the flow of economic resources measurement focus and the accrual basis of accounting. This includes for purposes of measuring the net OPEB liability, deferred outflows of resources, and deferred inflows of resources related to other post employment benefits, OPEB expense, and information about the fiduciary net position of the LRLIF and additions to/deductions from LRLIFs fiduciary net position have been determined on the same basis as they are reported by LRLIF. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

MANITOWOC PUBLIC SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS - Continued
JUNE 30, 2020

NOTE 1 - Summary of Significant Accounting Policies - Continued

Deferred Outflows and Inflows of Resources - In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to future periods and will not be recognized as an outflow of resources (expenditure) until then. The District has four items that qualify for reporting in this category. They are the Wisconsin Retirement System pension, Wisconsin Retirement System Local Retiree Life Insurance Fund (LRLIF), OPEB supplemental pension, and OPEB healthcare reported in the government-wide statement of net position. The Wisconsin Retirement System pension, Wisconsin Retirement System LRLIF, OPEB supplemental pension, and OPEB healthcare result from changes in their actuarial studies and are amortized over the average of the expected remaining service lives of participants.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position which applies to future periods and so will not be recognized as an inflow of resources (revenue) until then. The District has four types of items, Wisconsin Retirement System pension, Wisconsin Retirement System LRLIF, OPEB supplemental pension, and OPEB healthcare which qualify for reporting in this category. The Wisconsin Retirement System pension, Wisconsin Retirement System LRLIF, OPEB supplemental pension, and OPEB healthcare result from changes in their actuarial studies and are amortized over the average of the expected remaining service lives of participants.

Estimates - The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Net Position Classifications - Net position represents the difference between the total assets and deferred outflows of resources and the total liabilities and deferred inflows of resources. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement for those assets. Net position is reported as restricted when there are limitations imposed on their use through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

Fund Balance Classifications - The District classifies its fund equity as follows: 1) nonspendable fund balance consists of equity that is not in a spendable form or is legally or contractually required to be maintained intact, 2) restricted fund balance consists of equity constrained to specific purposes by their providers, externally imposed by creditors, constitutional provisions or by enabling legislation, 3) committed fund balance consists of equity constrained to specific purposes by the District itself, using its highest level of decision making authority - Board of Education policies, 4) assigned fund balance consists of equity the governing body intends to use for a specific purpose, intent can be expressed by the governing body. The Board of Education has authorized the Director of Business Services to assign fund balances through its financial management policy and 5) unassigned fund balance consists of equity available for any purpose.

MANITOWOC PUBLIC SCHOOL DISTRICT
 NOTES TO THE BASIC FINANCIAL STATEMENTS - Continued
 JUNE 30, 2020

NOTE 1 - Summary of Significant Accounting Policies - Continued

When net losses occur, it is the District's policy to record the net loss against committed fund balance, then assigned fund balance and lastly to unassigned fund balance (GASB 54 default for not having a policy). The District applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net positions are available.

NOTE 2 - Cash and Investments

State statutes permit the District to invest available cash balances, other than debt service funds, in time deposits of authorized depositories, state obligations, U.S. Treasury obligations, U.S. agency issues, repurchase agreements and other investments secured by federal securities, high grade commercial paper, and the local government investment pool administered by the state investment board. Available balances in the debt service fund may be invested in municipal obligations, obligations of the United States and the local government pooled-investment fund. No significant violations of these restrictions occurred during the year.

As of June 30, 2020, the District had the following investment:

<u>Investment</u>	<u>Weighted Average Maturities</u>	<u>Fair Value</u>
Certificates of deposit	Less than one year	\$ 32,985
State of Wisconsin Investment Pool	Less than one year	<u>1,779,649</u>
Total		<u>\$ 1,812,634</u>

Investment Pool Information - Participation in the State of Wisconsin Local Government Investment Pool is voluntary. The Pool's regulatory oversight is provided by state statutes and its investment board. The fair value of the District's position in the Pool is the same as the value of the Pool shares. At June 30, 2020, the Pool's fair value was 100 percent of book value.

Determining Fair Value - The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets; level 2 inputs are significant other observable inputs; level 3 inputs are significant unobservable inputs. The District has the following recurring fair value measurement:

- 1) State of Wisconsin Local Government Investment Pool fair value is determined monthly by the Pool's investment board based on published market quotations (level 2 inputs).

Income Allocation - Interest income is generally allocated to the fund that owns the certificate of deposit, money market account, savings account, and investment.

Interest Rate Risk - State statutes limit investments in commercial paper, corporate bonds, and mutual bond funds to those which mature or may be tendered for purchase at the option of the holder within not more than 7 years of the date acquired. The District does not have an investment policy that would further limit investment maturities as a means of further managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk - State statutes limit investments in commercial paper, corporate bonds, and mutual bond funds to the top two ratings issued by nationally recognized statistical rating organizations.

MANITOWOC PUBLIC SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS - Continued
JUNE 30, 2020

NOTE 2 - Cash and Investments - Continued

The District does not have an investment policy that would further limit its investment choices. The State of Wisconsin Local Government Investment Pool is not rated.

Custodial Credit Risk - Custodial credit is the risk that, in the event of a financial institution failure, the District's deposits may not be returned. The District does not have a policy in place for custodial credit risk. The State of Wisconsin's Public Deposit Guarantee Fund created under Chapter 34 of the Wisconsin Statutes protects the municipality's designated public depositories against any losses of public funds up to \$400,000 subject to the total amount of the Guarantee Fund available. As of June 30, 2020, \$16,387,578 of the District's bank balance of \$17,207,597 was exposed to custodial credit risk as uninsured, pledged collateral, collateralized by U.S. Government or municipal securities held by the bank in the bank's name and a letter of credit. There were no deposits that were uninsured and uncollateralized.

NOTE 3 - Capital Assets

Capital asset balances and activity for the year ended June 30, 2020 are as follows:

	Beginning Balance	Increases	Decreases	Ending Balance
Capital assets not being depreciated:				
Land	\$ 972,709	\$ -	\$ -	\$ 972,709
Construction in progress	39,176	-	(39,176)	-
Total capital assets not being depreciated	<u>1,011,885</u>	<u>-</u>	<u>(39,176)</u>	<u>972,709</u>
Capital assets being depreciated:

	<u>\$ 4,190,000</u>	<u>\$ 263,889</u>	<u>\$ 4,453,889</u>

NOTE 5 - Wisconsin Retirement System Pension

General Information about the Pension Plan

Plan Description - The WRS is a cost-sharing multiple-employer defined benefit pension plan. WRS benefits and other plan provisions are established by Chapter 40 of the Wisconsin Statutes. Benefit terms may only be modified by the legislature. The retirement system is administered by the Wisconsin Department of Employee Trust Funds (ETF). The system provides coverage to all eligible State of Wisconsin, local government and other public employees. All employees, initially employed by a participating WRS employer on or after July 1, 2011, expected to work at least 1,200 hours a year (880 hours for teachers and school district educational support employees) and expected to be employed for at least one year from employee's date of hire are eligible to participate in the WRS.

ETF issues a standalone WRS Financial Report, which can be found at <https://etf.wi.gov/about-etf/reports-and-studies/financial-reports-and-statements>.

Vesting - For employees beginning participation on or after January 1, 1990, and no longer actively employed on or after April 24, 1998, creditable service in each of five years is required

MANITOWOC PUBLIC SCHOOL DISTRICT
 NOTES TO THE BASIC FINANCIAL STATEMENTS - Continued
 JUNE 30, 2020

NOTE 5 - Wisconsin Retirement System Pension - Continued

for eligibility for a retirement annuity. Participants employed prior to 1990 and on or after April 24, 1998, and prior to July 1, 2011, are immediately vested. Participants who initially became WRS eligible on or after July 1, 2011, must have five years of creditable service to be vested.

Benefits Provided - Employees who retire at or after age 65 (54 for protective occupations and 62 for elected officials and executive service retirement plan participants, if hired on or before 12/31/2016) are entitled to a retirement benefit based on a formula factor, their final average earnings, and creditable service.

Final average earnings is the average of the participant's three highest annual earnings periods. Creditable service includes current service and prior service for which a participant received earnings and made contributions as required. Creditable service also includes creditable military service. The retirement benefit will be calculated as a money purchase benefit based on the employee's contributions plus matching employer's contributions, with interest, if that benefit is higher than the formula benefit.

Vested participants may retire at or after age 55 (50 for protective occupations) and receive an actuarially-reduced benefit. Participants terminating covered employment prior to eligibility for an annuity may either receive employee-required contributions plus interest as a separation benefit or leave contributions on deposit and defer application until eligible to receive a retirement benefit.

The WRS also provides death and disability benefits for employees.

Post-Retirement Adjustments - The Employee Trust Funds Board may periodically adjust annuity payments from the retirement system based on annual investment performance in accordance with s. 40.27, Wis. Stat. An increase (or decrease) in annuity payments may result when investment gains (losses), together with other actuarial experience factors, create a surplus (shortfall) in the reserves, as determined by the system's consulting actuary. Annuity increases are not based on cost of living or other similar factors. For Core annuities, decreases may be applied only to previously granted increases. By law, Core annuities cannot be reduced to an amount below the original, guaranteed amount (the "floor") set at retirement. The Core and Variable annuity adjustments granted during recent years are as follows:

Year	Core Fund Adjustment	Variable Fund Adjustment
2010	(1.3)	22
2011	(1.2)	11
2012	(7)	(7)
2013	(9.6)	9
2014	4.7	25
2015	2.9	2
2016	.5	(5)
2017	2	4
2018	2.4	17
2019	-	(10)

Contributions - Required contributions are determined by an annual actuarial valuation in accordance with Chapter 40 of the Wisconsin Statutes. The employee required contribution is one-half of the actuarially determined contribution rate for General category employees,

MANITOWOC PUBLIC SCHOOL DISTRICT
 NOTES TO THE BASIC FINANCIAL STATEMENTS - Continued
 JUNE 30, 2020

NOTE 5 - Wisconsin Retirement System Pension - Continued

including Teachers, Executives and Elected Officials. Starting on January 1, 2016, the Executives and Elected Officials category was merged into the General Employee Category. Required contributions for protective employees are the same rate as general employees. Employers are required to contribute the remainder of the actuarially determined contribution rate. The employer may not pay the employee required contribution unless provided for by an existing collective bargaining agreement.

During the reporting period, the WRS recognized \$2,252,110 in contributions from the employer.

Contribution rates as of June 30, 2020 are:

Employee Category	Employee	Employer
General (including teachers, executives, and elected officials)	6.55%	6.55%
Protective with Social Security	6.55%	10.55%
Protective without Social Security	6.55%	14.95%

Pension Liabilities, Pension Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

At June 30, 2020, the District reported a liability (asset) of (\$7,057,553) for its proportionate share of the net pension liability (asset). The net pension liability (asset) was measured as of December 31, 2019, and the total pension liability used to calculate the net pension liability (asset) was determined by an actuarial valuation as of December 31, 2018 rolled forward to December 31, 2019. No material changes in assumptions or benefit terms occurred between the actuarial valuation date and the measurement date. The District's proportion of the net pension liability (asset) was based on the District's share of contributions to the pension plan relative to the contributions of all participating employers. At December 31, 2019, the District's proportion was 0.21887575%, which was a decrease of 0.00331524% from its proportion measured as of December 31, 2018.

For the year ended June 30, 2020, the District recognized pension expense of \$2,704,571.

At June 30, 2020, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 13,396,849	\$ 6,704,227
Net differences between projected and actual earnings on pension plan investments	-	14,428,148
Changes in assumptions	549,970	-
Changes in proportion and differences between employer contributions and proportionate share of contributions	23,041	24,623
Employer contributions subsequent to the measurement date	1,469,469	-
Total	\$ 15,439,329	\$ 21,156,998

MANITOWOC PUBLIC SCHOOL DISTRICT
 NOTES TO THE BASIC FINANCIAL STATEMENTS - Continued
 JUNE 30, 2020

NOTE 5 - Wisconsin Retirement System Pension - Continued

\$1,469,469 reported as deferred outflows of resources related to pension resulting from the WRS Employer's contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability (asset) in the year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to Pension will be recognized in pension expense as follows:

Year Ending June 30	Deferred Outflows and (Inflows) of Resources
2021	\$ (2,119,569)
2022	(1,595,577)
2023	243,741
2024	(3,715,733)
Thereafter	-

Actuarial Assumptions - The total pension liability in the December 31, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Valuation Date:	December 31, 2018
Measurement Date of Net Pension Liability (Asset)	December 31, 2019
Actuarial Cost Method:	Entry Age Normal
Asset Valuation Method:	Fair Value
Long-Term Expected Rate of Return:	7%
Discount Rate:	7%
Salary Increases:	
Inflation	3%
Seniority/Merit	.1% - 5.6%
Mortality:	Wisconsin 2018 Mortality Table
Post-retirement Adjustments*	1.9%

** No post-retirement adjustment is guaranteed. Actual adjustments are based on recognized investment return, actuarial experience and other factors. 1.9% is the assumed annual adjustment based on the investment return assumption and the post-retirement discount rate.*

Actuarial assumptions are based upon an experience study conducted in 2018 that covered a three-year period from January 1, 2015 to December 31, 2017. The total pension liability for December 31, 2019 is based upon a roll-forward of the liability calculated from the December 31, 2018 actuarial valuation.

Long-Term Expected Return on Plan Assets - The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

New England Pension Consultants Long-Term US CPI (Inflation) Forecast 2.75%

Asset Allocations are managed within established ranges, target percentages may differ from actual monthly allocations

Single Discount Rate - A single discount rate of 7% was used to measure the total pension liability for the current and prior year. This single discount rate is based on the expected rate of return on pension plan investments of 7% and a municipal bond rate of 2.75% (Source: Fixed-income municipal bonds with 20 years to maturity that include only federally tax-exempt municipal bonds as reported in Fidelity Index's "20-year Municipal GO AA Index" as of December 31, 2019. In describing this index, Fidelity notes that the Municipal Curves are constructed using option-adjusted analytics of a diverse population of over 10,000 tax-exempt securities.). Because of the unique structure of WRS, the 7% expected rate of return implies that a dividend of approximately 1.9% will always be paid. For purposes of the single discount rate, it was assumed that the dividend would always be paid. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments (including expected dividends) of current plan members. Therefore, the municipal bond rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the District's Proportionate Share of the Net Pension Liability (Asset) to Changes in the Discount Rate - The following presents the District's proportionate share of the net pension liability (asset) calculated using the discount rate of 7 percent, as well as what the District's proportionate share of the net pension liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (6 percent) or 1-percentage-point higher (8 percent) than the current rate:

Pension Plan Fiduciary Net Position - Detailed information about the pension plan's fiduciary net position is available in separately issued financial statements available at <http://etf.wi.gov/publications/cafr.htm>.

Payables to the Pension Plan - The District reported a payable of \$961,754 for the outstanding amount of contributions to the pension plan required for the year ended June 30, 2020.

NOTE 6 - Wisconsin Retirement System Local Retirement Life Insurance Fund

General Information about the Other Post Employment Benefits

Plan Description - The LRLIF is a multiple-employer defined benefit OPEB plan. LRLIF benefits and other plan provisions are established by Chapter 40 of the Wisconsin Statutes. The Wisconsin Department of Employee Trust Funds (ETF) and the Group Insurance Board have statutory authority for program administration and oversight. The plan provides post-employment life insurance benefits for all eligible employees.

OPEB Plan Fiduciary Net Position - ETF issues a standalone Comprehensive Annual Financial Report (CAFR), which can be found at <http://etf.wi.gov/publications/cafr.htm>.

Additionally, ETF issued a standalone Retiree Life Insurance Financial Report, which can be found at <https://etfonline.wi.gov/ETFGASBPublicWeb/gasb75Local.do>.

Benefits Provided - The LRLIF plan provides fully paid life insurance benefits for post-age 64 retired employees and pre-65 retirees who pay for coverage.

Contributions - The Group Insurance Board approves contribution rates annually, based on recommendations from the insurance carrier. Recommended rates are based on an annual valuation, taking into consideration an estimate of the present value of future benefits and the present value of future contributions. A portion of employer contributions made during a member's working lifetime funds a post-retirement benefit.

Employers are required to pay the following contributions based on employee contributions for active members to provide them with basic coverage after age 65. There are no employer contributions required for pre-age 65 annuitant coverage. If a member retires prior to age 65, they must continue paying the employee premiums until age 65 in order to be eligible for the benefit after age 65.

Contribution rates as of June 30, 2020 are:

Coverage Type	Employer Contribution
50% post retirement coverage	40% of employee contribution
25% post retirement coverage	20% of employee contribution

MANITOWOC PUBLIC SCHOOL DISTRICT
 NOTES TO THE BASIC FINANCIAL STATEMENTS - Continued
 JUNE 30, 2020

NOTE 6 - Wisconsin Retirement System Local Retirement Life Insurance Fund - Continued

Employee contributions are based upon nine age bands through age 69 and an additional eight age bands for those age 70 and over. Participating employees must pay monthly contribution rates per \$1,000 of coverage until the age of 65 (age 70 if active). The employee contribution rates in effect for the year ended December 31, 2019 are as listed below:

Attained Age	Basic	Supplemental
Under 30	\$.05	\$.05
30-34	.06	.06
35-39	.07	.07
40-44	.08	.08
45-49	.12	.12
50-54	.22	.22
55-59	.39	.39
60-64	.49	.49
65-69	.57	.57
*Disabled members under age 70 receive a waiver-of-premium benefit.		

During the reporting period, the LRLIF recognized \$11,020 in contributions from the employer.

OPEB Liabilities, OPEB Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to OPEBs

At June 30, 2020, the District reported a liability (asset) of \$2,595,851 for its proportionate share of the net OPEB liability (asset). The net OPEB liability (asset) was measured as of December 31, 2019, and the total OPEB liability used to calculate the net OPEB liability (asset) was determined by an actuarial valuation as of January 1, 2019 rolled forward to December 31, 2019. No material changes in assumptions or benefit terms occurred between the actuarial valuation date and the measurement date. The District's proportion of the net OPEB liability (asset) was based on the District's share of contributions to the OPEB plan relative to the contributions of all participating employers. At December 31, 2019, the District's proportion was 0.609613%, which was an decrease of 0.013554% from its proportion measured as of December 31, 2018.

For the year ended June 30, 2020, the District recognized OPEB expense of \$270,728.

At June 30, 2020, the District reported deferred outflows of resources and deferred inflows of resources related to OPEBs from the following sources:

MANITOWOC PUBLIC SCHOOL DISTRICT
 NOTES TO THE BASIC FINANCIAL STATEMENTS - Continued
 JUNE 30, 2020

NOTE 6 - Wisconsin Retirement System Local Retirement Life Insurance Fund - Continued

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	\$ 116,291
Net differences between projected and actual earnings on OPEB plan investments	48,967	-
Changes in assumption	957,621	285,524
Changes in proportion and differences between employer contributions and proportionate share of contributions	20,093	45,508
Employer contributions subsequent to the measurement date	-	-
Total	\$ 1,026,681	\$ 447,323

Zero was reported as deferred outflows related to OPEB resulting from the LRLIF Employer's contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability (asset) in the year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year Ending June 30	Deferred Outflows and (Inflows) of Resources
2021	\$ 99,240
2022	99,240
2023	93,961
2024	88,522
Thereafter	198,395

Actuarial Assumptions - The total OPEB liability in the January 1, 2019 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Valuation Date:	January 1, 2019
Measurement Date of Net OPEB Liability (Asset)	December 31, 2019
Actuarial Cost Method:	Entry Age Normal
20 Year Tax Exempt Municipal Bond Yield:	2.74%
Long-Term Expected Rate of Return:	4.25%
Discount Rate:	2.87%
Salary Increases:	
Inflation	3%
Seniority/Merit	.1% - 5.6%
Mortality:	Wisconsin 2018 Mortality Table

Actuarial assumptions are based upon an experience study conducted in 2018 that covered a three-year period from January 1, 2015 to December 31, 2017. The total OPEB liability for December 31, 2019 is based upon a roll-forward of the liability calculated from the January 1, 2019 actuarial valuation.

MANITOWOC PUBLIC SCHOOL DISTRICT
 NOTES TO THE BASIC FINANCIAL STATEMENTS - Continued
 JUNE 30, 2020

NOTE 6 - Wisconsin Retirement System Local Retirement Life Insurance Fund - Continued

Long-Term Expected Return on Plan Assets - The long-term expected rate of return is determined by adding expected inflation to expected long-term real returns and reflecting expected volatility and correlation. Investments for the LRLIF are held with Securian, the insurance carrier. Interest is calculated and credited to the LRLIF based on the rate of return for a segment of the insurance carriers' general fund, specifically 10-year A- Bonds (as a proxy, and not tied to any specific investments). The overall aggregate interest rate is calculated using a tiered approach based on the year the funds were originally invested and the rate of return for that year. Investment interest is credited based on the aggregate rate of return and assets are not adjusted to fair market value. Furthermore, the insurance carrier guarantees the principal amounts of the reserves, including all interest previously credited thereto.

Local OPEB Life Insurance
 Asset Allocation Targets and Expected Returns
 As of December 31, 2019

Asset Class	Index	Target Allocation %	Long-Term Expected Geometric Real Rate of Return %
US Credit Bonds	Barclays Credit	45	2.12
US Long Credit Bonds	Barclays Long Credit	5	2.9
US Mortgages	Barclays MBS	50	1.53
Inflation			2.2
Long-term Expected Rate of Return			4.25

The long-term expected rate of return decreased slightly from 5% in the prior year to 4.25% in the current year. This change was primarily based on the target asset allocation and capital market expectations. The expected inflation rate also decreased slightly from 2.3% in the prior year to 2.2% in the current year. The long-term expected rate of return is determined by adding expected inflation to expected long-term real returns and reflecting expected volatility and correlation.

Single Discount rate - A single discount rate of 2.87% was used to measure the total OPEB liability for the current year, as opposed to a discount rate of 4.22% for the prior year. The significant change in the discount rate was primarily caused by the decrease in the municipal bond rate from 4.1% as of December 31, 2018 to 2.74% as of December 31, 2019. The plan's fiduciary net position was projected to be insufficient to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the total OPEB liability is equal to the single equivalent rate that results in the same actuarial present value as the long-term expected rate of return applied to benefit payments, to the extent that the plan's fiduciary net position is projected to be sufficient to make projected benefit payments, and the municipal bond rate applied to benefit payments to the extent that the plan's fiduciary net position is projected to be insufficient. The plan's fiduciary net position was projected to be available to make projected future benefit payments of current plan members through December 31, 2036.

The projection of cash flows used to determine the single discount rate assumed that employer contributions will be made according to the current employer contribution schedule and that contributions are made by plan members retiring prior to age 65.

Sensitivity of the District's Proportionate Share of the Net OPEB Liability (Asset) to Changes in the Discount Rate - The following presents the District's proportionate share of the net OPEB liability (asset) calculated using the discount rate of 2.87 percent, as well as what the District's proportionate share of the net OPEB liability (asset) would be if it were calculated using a discount rate that is 1-percentage-point lower (1.87 percent) or 1-percentage-point higher (3.87 percent) than the current rate:

	1% Decrease to Discount Rate (1.87%)	Current Discount Rate (2.87%)	1% Increase to Discount Rate (3.87%)
District's proportionate share of the net OPEB liability (asset)	\$ 3,584,435	\$ 2,595,851	\$ 1,843,731

Payables to the Pension Plan - The District reported a payable of zero for the outstanding amount of contributions to the OPEB plan required for the year ended June 30, 2020.

NOTE 7 - Supplemental Pension Defined Benefit Plan

General Information about the Supplemental Pension Plan

Plan Description - The supplemental pension is a single employer defined benefit pension plan. Benefit terms are established by employee handbooks and may be modified by the Board of Education. The plan is administered by the District and included in the District's financial statements.

Benefits Provided - Administrators hired on or prior to June 30, 2003 at least age 54 with less than 10 years of service that do not qualify for or choose not to participate in the District's medical plan upon retirement, shall receive a one-time payment of \$100 per year of service. Additionally, retirees with a minimum of 10 years of service shall receive a stipend benefit divided equally into 12 payments paid out quarterly over a 3-year period into a special pay plan through MidAmerica under section 403(b). The total of this stipend is determined as follows: (1) if the Administrator has 10 years of service they shall receive 50% of the average salary based upon the individual's contract(s) for the 3 years immediately prior to retirement or (2) if the Administrator has 15 years of service they shall receive an amount equal to the average salary based upon the individual's contract(s) for the 3 years immediately prior to retirement.

Administrators hired after June 30, 2003 at least age 57 with less than 10 years of service that do not qualify for or choose not to participate in the District's medical plan upon retirement, shall receive \$100 per year of service. Additionally, retirees with a minimum of 10 years of service shall receive a stipend benefit equal to the average salary based upon the individual's contract(s) for the 3 years immediately prior to retirement into a special pay plan through MidAmerica under section 403(b). The total stipend amount will be divided equally into 12 payments and paid out quarterly over a 3-year period.

Each teacher at least age 57 with a minimum of 15 years of service shall receive a one-time payment of \$100 per year of service to be paid in cash.

Paraprofessionals, clerical, custodians, and non-represented staff eligible for WRS with a minimum 10 years of service with the District shall receive \$113 per year of service. These monies may either be taken in cash or used for continued medical coverage.

MANITOWOC PUBLIC SCHOOL DISTRICT
 NOTES TO THE BASIC FINANCIAL STATEMENTS - Continued
 JUNE 30, 2020

NOTE 7 - Supplemental Pension Defined Benefit Plan - Continued

Employees Covered - As of the June 30, 2019 measurement date, the following employees were covered by the benefit terms. The plan is not closed to new entrants.

Inactive employees or beneficiaries currently receiving benefits	31
Inactive employees entitled to but not yet receiving benefits	-
Active employees	<u>679</u>
Total	<u>710</u>

Contributions - The Board of Education has the authority to establish the contribution requirements for the plan. The Board establishes contribution rates based on an actuarially determined rate recommended by an independent actuary. The actuarially determined rate is the estimated amount necessary to finance the unfunded accrued liability. For the year ended June 30, 2020, contribution rates for plan members were \$0 per participant per year and \$1,150 - \$9,752 from the District, depending on the type of retiree plan. Plan members receiving benefits paid \$0 and the District paid \$280,974 for current year premiums due.

Actuarial Assumptions - The total supplemental pension liability in the June 30, 2019, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Valuation Date:	June 30, 2019
Measurement Date:	June 30, 2019
Actuarial Cost Method:	Entry Age Normal - Level %
Asset Valuation Method:	Fair Value
Discount Rate:	3.5%
Salary Increases:	3%
Mortality:	Wisconsin 2018 Mortality Table

Actuarial assumptions are based upon an experience study conducted in 2018 using experience from 2015 - 2017.

Long-Term Expected Return on Plan Assets - The long-term expected rate of return on plan investments was determined by expected future real rates of return (expected returns, net of plan investment expense and inflation) developed for each major asset class. There are no plan assets.

Discount Rate - A discount rate of 3.5% was used to measure the total supplemental pension liability. This discount rate was based on a 20 year municipal bond rate. The projection of cash flows used to determine the discount rate assumed the plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total supplemental pension liability.

NOTE 7 - Supplemental Pension Defined Benefit Plan - Continued

Changes in the Total Supplemental Pension Liability

	<u>Increase (Decrease)</u>
	<u>Total Pension Liability</u>
Beginning balance	\$ 1,579,009
Changes for the year:	
Service cost	126,599
Interest	56,069
Differences between expected and actual experience	(44,102)
Changes of assumptions or other input	2,801
Benefit payments	(294,294)
Net changes	(152,927)
Ending balance	\$ 1,426,082

Sensitivity of the Total Supplemental Pension Liability to Changes in the Discount Rate -

The following presents the total supplemental pension liability calculated using the discount rate of 3.5 percent, as well as what the total supplemental pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (2.5 percent) or 1-percentage-point higher (4.5 percent) than the current rate:

	1% Decrease to Discount Rate (2.5%)	Current Discount Rate (3.5%)	1% Increase to Discount Rate (4.5%)
Total supplemental pension liability	\$ 1,485,265	\$ 1,426,082	\$ 1,369,218

Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to Pensions

For the year ended June 30, 2020, the District recognized pension expense of \$294,294.

At June 30, 2020, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 16,515	\$ 40,427
Net differences between projected and actual earnings on pension plan investments	-	-
Changes in assumptions	2,568	24,911
Employer contributions subsequent to the measurement date	280,974	-
Total	\$ 300,057	\$ 65,338

\$280,974 reported as deferred outflows related to pension resulting from contributions subsequent to the measurement date will be recognized as a reduction on the total pension liability (asset) in the year ended June 30, 2021. Other amounts reported as deferred outflows of

MANITOWOC PUBLIC SCHOOL DISTRICT
 NOTES TO THE BASIC FINANCIAL STATEMENTS - Continued
 JUNE 30, 2020

NOTE 7 - Supplemental Pension Defined Benefit Plan - Continued

resources and deferred inflows of resources related to pension will be recognized in expense as follows:

Year ending June 30	Deferred Outflows/Inflows of Resources
2021	\$ (4,237)
2022	(4,237)
2023	(4,237)
2024	(4,237)
2025	(4,237)
Thereafter	(25,070)

Payables to the Pension Plan - The District reported a payable of zero for the outstanding amount of contributions to the supplemental pension plan required for the year ended June 30, 2020.

NOTE 8 - Interfund Balance and Activity

Interfund receivable and payable balances on June 30, 2020, are as follows:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>	
Special revenue	General	\$	31

The above balances resulted from the timing differences between the dates that (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system and (3) payments between funds are made. All amounts are due within one year. For the statement of net position, interfund balances which are owed within the governmental activities are netted and eliminated.

Interfund transfers at June 30, 2020 were as follows:

<u>Transfer from</u>	<u>Transfer to</u>	<u>Amount</u>
General	Debt service	\$ 2,097,693

Generally, transfers are used to move revenue from the fund that collects them to the fund that the budget requires to expend them and use unrestricted revenue collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

NOTE 9 - Post Employment Benefits Other Than Pensions

General Information about the Post Employment Benefits Other than Pensions

Plan Description - The other post employment benefits (OPEB) other than pension is a single-employer defined benefit OPEB plan. Benefit terms are established by employee handbooks and may be modified by the Board of Education. The plan is administered by the District and included in the District's financial statements.

MANITOWOC PUBLIC SCHOOL DISTRICT
 NOTES TO THE BASIC FINANCIAL STATEMENTS - Continued
 JUNE 30, 2020

NOTE 9 - Post Employment Benefits Other Than Pensions - Continued

Benefits Provided - Administrators are eligible for post employment health and dental benefits. The benefits differ depending upon the administrator's hire date. For administrators at least age 54 with a minimum of 10 years of service, hired prior to July 1, 2003; the District will contribute 80% of the medical and dental premiums on behalf of the retiree until Medicare-eligibility. For those hired on or after July 1, 2003, at least age 54 with a minimum of 10 years of service, the District's contributions will be limited to either \$714 or 80% of the medical premium and \$76 or 80% of the dental premium whichever is less, until Medicare eligibility.

Teachers receive health insurance, if at retirement they are at least age 57 or older with a minimum of 15 years of service. The District's annual contribution to medical insurance will be limited to 50% of the annual medical premiums, but not to exceed \$3,000 for a single plan and \$6,000 for a family plan. These contributions will continue for a period of 8 years, but not to exceed Medicare eligibility.

Upon retirement, retirees may self-pay to remain on the District's medical plan indefinitely provided they pay the full amount of all required premiums.

Employees Covered - As of the June 30, 2019 measurement date, the following employees were covered by the benefit terms. The plan is not closed to new entrants.

Inactive employees or beneficiaries currently receiving benefits	61
Inactive employees entitled to but not yet receiving benefits	-
Active employees	<u>679</u>
Total	<u>740</u>

Contributions - The Board of Education has the authority to establish the contribution requirements for the plan. The Board establishes contribution rates based on premiums and an actuarially determined rate recommended by an independent actuary. The actuarially determined rate is the estimated amount necessary to finance the unfunded accrued liability. For the year ended June 30, 2020, contribution rates for Plan members were \$134 - \$2,090 per participant per month and \$250 - \$1,672 from the District, depending on the type of retiree plan. Plan members receiving benefits contributed \$317,251 and the District contributed \$768,699 to the plan.

Actuarial Assumptions - The OPEB healthcare liability in the June 30, 2019, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Valuation Date:	June 30, 2019
Measurement Date:	June 30, 2019
Actuarial Cost Method:	Entry Age Normal - Level %
Asset Valuation Method:	Fair Value
Discount Rate:	3.5%
Mortality:	Wisconsin 2018 Mortality Table
Medical Care Cost Trend:	7.5% decreasing by 0.5% to 6.5%, then by 0.1% down to 5%, and level thereafter
Dental Care Cost Trend:	5%

MANITOWOC PUBLIC SCHOOL DISTRICT
 NOTES TO THE BASIC FINANCIAL STATEMENTS - Continued
 JUNE 30, 2020

NOTE 9 - Post Employment Benefits Other Than Pensions - Continued

The actuarial valuation was based upon the data provided by the District and utilized the premium rate history of the District's medical plans as well as the trends used in the prior valuation and projected a stream of expected premium rates for each year in the future based on the data as of June 30, 2019. Actuarial assumptions are based upon an experience study conducted in 2018 using Wisconsin Retirement System experience from 2015 - 2017.

The OPEB liability for June 30, 2020 is based upon an update of the liability calculated from the June 30, 2019 actuarial valuation. There were no material changes in assumptions or benefit terms which occurred between the actuarial valuation date and the measurement date.

Long-Term Expected Return on Plan Assets - The long-term expected rate of return on plan investments was determined by expected future real rates of return (expected returns, net of plan investment expense and inflation) developed for each major asset class. There are no plan assets.

Discount Rate - A discount rate of 3.5% was used to measure the total OPEB healthcare liability. This discount rate was based on a 20 year municipal bond rate. The projection of cash flows used to determine the single discount rate assumed that employer contributions will be made at rates equal to the actuarially determined contribution rates. Based on these assumptions, the plan was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all periods of projected benefit payments to determine the total OPEB healthcare liability.

Changes in the OPEB Healthcare Liability

Expense, Deferred Outflows of Resources, and Deferred Inflows of Resources Related to OPEB Healthcare

For the year ended June 30, 2020, the District recognized OPEB healthcare expense of \$505,002.

At June 30, 2020, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB healthcare from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 546,376	\$ -
Changes in assumptions	188,022	60,940
Net differences between projected and actual earnings on pension plan investments	-	-
Employer contributions subsequent to the measurement date	768,699	-
Total	\$ 1,503,097	\$ 60,940

\$768,699 reported as deferred outflows related to OPEB healthcare resulting from contributions subsequent to the measurement date will be recognized as a reduction on the net OPEB healthcare liability (asset) in the year ended June 30, 2021. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB healthcare will be recognized in expense as follows:

Other activities	Wisconsin Retirement System pension	\$ 7,057,553

NOTE 11 - Risk Management

The District is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; employee health and accident claims; and natural disasters. For all risks of loss, the District's policy is to purchase commercial insurance. Settled

MANITOWOC PUBLIC SCHOOL DISTRICT
NOTES TO THE BASIC FINANCIAL STATEMENTS - Continued
JUNE 30, 2020

NOTE 11 - Risk Management - Continued

claims have not exceeded commercial coverage in any of the past three years and there has been no significant reduction in insurance coverage from coverage in the prior year.

NOTE 12 - Commitments and Contingencies

The District has a service agreement with Cooperative Education Service Agency #7 for services to be provided to the District in 2020-2021. Expected costs are \$524,450.

The District has a transportation agreement with estimated costs for the following school years:

2020-2021	\$	1,546,831
2021-2022		1,624,172
2022-2023		1,705,381
2023-2024		1,790,650
	\$	<u>6,667,034</u>

The District is aware some older buildings contain some level of asbestos in which they will incur removal costs upon remodeling, selling, or abandoning these buildings at some future date. However, at this point, the District does not feel they have enough information to reasonably estimate the fair value of the asset retirement obligation and have not recorded a liability.

From time to time, the District is party to various pending claims and legal proceedings. Although the outcome of such matters cannot be forecasted with certainty, it is the opinion of management and the District's attorney that the likelihood is remote that any such claims or proceedings will have a material effect on the District's financial position or results of operations.

NOTE 13 - Limitation of School District Revenue

Wisconsin statutes limit the amount of revenue school districts may derive from general school aids and property taxes. This limitation does not apply to revenue needed for the payment of any general obligation debt service (including refinanced debt) authorized by either of the following: (a) a resolution of the school board or by a referendum prior to August 12, 1993 and (b) a referendum on or after August 12, 1993.

NOTE 14 - Self-Funded Insurance

The District established a self-funded insurance plan for its employees. The Plan administrators are responsible for the approval, processing, and payment of claims, after which they bill the District for reimbursement. The District is also responsible for an administrative fee. The Plan reports on a fiscal year ending June 30, 2020.

Accounting and budgeting requirements for the Plan are established by the Wisconsin Department of Public Instruction. Currently, the Plan is accounted for in the General Fund, with appropriate charges to other funds of the District.

MANITOWOC PUBLIC SCHOOL DISTRICT
 NOTES TO THE BASIC FINANCIAL STATEMENTS - Continued
 JUNE 30, 2020

NOTE 14 - Self-Funded Insurance

The District has reported a liability of \$1,929,194, which represents reported and unreported claims which were incurred on or before June 30, 2020, but were not paid by the District as of that date. Changes in the claims liability for the year ended June 30, 2020 are as follows:

	<u>Year Ended June 30, 2020</u>	<u>Year Ended June 30, 2019</u>
Beginning liability balance	\$ 1,482,275	\$ 1,391,674
Claims and changes in estimates	9,021,876	8,410,437
Claim payments	<u>(8,574,957)</u>	<u>(8,319,836)</u>
Ending liability balance	<u>\$ 1,929,194</u>	<u>\$ 1,482,275</u>

Claim payments are principally funded through charges to employees, which are paid through payroll deductions, and employer contributions to the health and dental plan.

NOTE 15 - Coronavirus (COVID-19)

The World Health Organization declared the spread of COVID-19 a worldwide pandemic. The COVID-19 pandemic is having significant effects on global markets, supply chains, businesses, and communities. COVID-19 may impact various parts of the District's operations including costs for emergency preparedness, virtual school, shortages of personnel, and potential delays in revenue collections.

MANITOWOC PUBLIC SCHOOL DISTRICT
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
ON BUDGETARY ACCOUNTING AND CONTROL
JUNE 30, 2020

NOTE 1 - Budgetary Information - Budgets are adopted each fiscal year for all funds in accordance with Section 65.90 of the Wisconsin Statutes, using the budgetary accounting basis prescribed by the Wisconsin Department of Public Instruction. The legally adopted budget and budgetary expenditure control is exercised at the function level. Reported budget amounts are as originally adopted or as amended by a Board of Education resolution.

The District follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Based upon requests from District staff, the District Administration recommends budget proposals to the Board of Education.
2. The Board of Education prepares a proposed budget including proposed expenditures and the means of financing them for the July 1 through June 30 fiscal year.
3. A public notice is published containing a summary of the budget and identifying the time and place where a public hearing will be held on the proposed budget.
4. Pursuant to the budget hearing, the Board of Education may make alterations to the proposed budget.
5. After the Board of Education (following the public hearing) adopts the budget, no changes may be made in the amount of tax to be levied or in the amount of the various appropriations and the purposes of such appropriations unless authorized by a 2/3 vote of the entire Board of Education.
6. Appropriations lapse at year end unless authorized as a carryover by the Board of Education. The portion of fund balance representing carryover appropriations is reported as a committed or assigned fund balance.
7. Encumbrance accounting is not used.
8. Budgets are adopted on a basis consistent with generally accepted accounting principles.

NOTE 2 - Excess of Actual Expenditure Over Budget - The following expenditure classifications were in excess of \$1,000 over budget.

General/special education	Regular instruction	\$ 715,643
General/special education	Insurance	52,219
General/special education	Other support services	260,146
General/special education	Non-program transactions	178,484
General/special education	Capital outlay	129,824

MANITOWOC PUBLIC SCHOOL DISTRICT
NOTES TO THE SCHEDULE OF EXPENDITURES OF
FEDERAL AWARDS AND STATE FINANCIAL ASSISTANCE
JUNE 30, 2020

NOTE 1 - Basis of Presentation

The accompanying schedules of expenditures of federal awards and state financial assistance include the federal and state grant activity of the Manitowoc Public School District. The information in these schedules is presented in accordance with the requirements of Uniform Guidance and *State Single Audit Guidelines*. Therefore, some amounts presented in these schedules may differ from amounts presented in or used in the preparation of the financial statements.

NOTE 2 - Summary of Significant Accounting Policies

Expenditures reported on the schedules are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in Uniform Guidance, wherein certain types of expenditures are not allowable and are limited as to reimbursement.

NOTE 3 - Special Education and School Age Parents Program

2019-2020 eligible costs under the State Special Education Program are \$10,004,235.

NOTE 4 - Food Distribution Program

Non-monetary assistance is reported in the schedule of federal awards at the fair market value of the commodities received and used.

NOTE 5 - 10% De Minimis Cost Rate

Elected not to use.

OTHER REPORTS

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Education
Manitowoc Public School District
Manitowoc, Wisconsin

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of the Manitowoc Public School District, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Manitowoc Public School District's basic financial statements, and have issued our report thereon dated December 1, 2020.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Manitowoc Public School District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Manitowoc Public School District's internal control. Accordingly, we do not express an opinion on the effectiveness of the Manitowoc Public School District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs that we consider to be a significant deficiency. We consider the 2020-001 deficiency described in the accompanying schedule of findings and questioned costs to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Manitowoc Public School District's financial statements are free from material misstatement, we performed tests of its compliance

with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Manitowoc Public School District's Response to Finding

Manitowoc Public School District's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. Manitowoc Public School District's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM
GUIDANCE AND STATE SINGLE AUDIT GUIDELINES**

To the Board of Education
Manitowoc Public School District
Manitowoc, Wisconsin

Report on Compliance for Each Major Federal and State Program

We have audited the Manitowoc Public School District's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* and *State Single Audit Guidelines* that could have a direct and material effect on each of the Manitowoc Public School District's major federal and state programs for the year ended June 30, 2020. The Manitowoc Public School District's major federal and state programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the Manitowoc Public School District's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and *State Single Audit Guidelines*. Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal or state program occurred. An audit includes examining, on a test basis, evidence about the Manitowoc Public School District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the Manitowoc Public School District's compliance.

Opinion on Each Major Federal and State Program

In our opinion, the Manitowoc Public School District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal or state programs for the year ended June 30, 2020.

Report on Internal Control Over Compliance

Management of the Manitowoc Public School District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Manitowoc Public School District's internal control over compliance with the types of requirements that could have a direct and material effect on a major federal or state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each federal and state program and to test and report on internal control over compliance in accordance with the Uniform Guidance and *State Single Audit Guidelines*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Manitowoc Public School District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal or state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal or state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal and state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and *State Single Audit Guidelines*. Accordingly, this report is not suitable for any other purpose.

Type A and Type B state programs:	\$250,000

Auditee qualified as low-risk auditee? X Yes No

Section II - Financial Statement Findings and Questioned Costs

2020-001 - Preparation of Financial Statements

Program: District-Wide

Criteria: Adequate internal controls necessitate personnel to have knowledge and training which would enable them to prepare financial statements (and footnotes) in accordance with generally accepted accounting principles (GAAP).

Condition: Personnel cannot prepare GAAP basis financial statements.

Questioned Costs: Not applicable.

Context: Personnel have adequate knowledge and experience in governmental accounting and interim reporting requirements; however, their limited knowledge and lack of training limits their ability to prepare GAAP basis financial statements.

Effect: This weakness could result in the possibility of undetected errors and irregularities.

Information: Isolated instance.

Prior Year Finding: This was not a prior year finding.

Recommendation: Obtain adequate training or continue to hire a certified public accounting (CPA) firm to prepare GAAP basis financial statements.

Management's Response: Due to the complexities involved with preparing GAAP basis financial statements, management has weighed the cost-benefit of training personnel or hiring a CPA firm. Management has concluded to hire a CPA firm.

Section III - Federal and State Award Findings and Questioned Costs

None

Manitowoc Public School District

SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS AND CORRECTIVE ACTION PLAN
JUNE 30, 2020

Summary Schedule of Prior Audit Findings

2019-001 - Preparation of Financial Statements - Repeat. Initially occurred 6/30/19.

2019-002 - Actual Expenditures Over Budget - Resolved. Initially occurred 6/30/19.

Corrective Action Plan

2020-001 - Preparation of Financial Statements - Contact: Shawn Alfred, Director of Business Services. Completion date: N/A. Due to the complexities of governmental reporting in accordance with GAAP, i.e. financial statements and related disclosure reporting, District management has weighed the cost benefit of training current staff or hiring a Certified Public Accountant on staff for the purposes of preparing the external financial statements in accordance with GAAP. District management has concluded to outsource the preparation of the external financial statements and related disclosures to their certified public accounting firm, which is an acceptable practice according to *Government Auditing Standards*. District management will review and approve the externally prepared financial statements.
